Re: Application for Financing Facility

I hereby apply for a financing facility on such terms as stated by me in the facility Application Form.

I have completed the Application Form truthfully and accurately and I hereby authorize you to further check my credit history and my current financial position from my banker(s), employer and any other person(s) or body you deem necessary at your discretion.

I unconditionally declare that notwithstanding the loan amount and tenure as stated in the Application Form, I am prepared to receive a lesser loan amount or different loan tenure. I fully understand and acknowledge that you have full discretion in the acceptance of my application.

I further declare that, at the date hereof, there is no legal action or proceeding being taken or about to be taken against me or any of my assets.

Together with the completed Application Form, I hereby hand to you the **Takaful proposal form** which I have truthfully and fully completed and have not misrepresented or withheld any material information. I acknowledge that all the statements, representations and answers provided in the **Takaful proposal form** shall form the basis of the contract of insurance which you compulsorily require me to enter into in relation to this application for financing facility.

I have been handed a copy of your Standard Terms and Conditions for Credit Facility and have read and understood the contents. I unconditionally agree to abide by and comply with all requirements, agreements and undertakings contained therein and any other additional terms and conditions imposed by you at your discretion when accepting my application.

Acceptance of this application is at the Bank's absolute discretion and in the event of rejection, no reason need to be furnished by the Bank

Yours Sincerely

	SV
